ROCKAWAY BOROUGH SCHOOLS--APRIL 18, 2019

CONGRATULATIONS
TO THIS YEAR'S
WINNERS

8TH GRADERS PARTICIPATE IN THE STARBUCK'S CHALLENGE

Teachers are always looking for projects that showcase the application of real life skills for their students. Through the Starbucks Challenge, Mrs. Isenberg found the perfect way for 8th grade art students to demonstrate their artistic skills by designing coffee cups and then having them judged at a local Starbucks.

This is the second year that Thomas Jefferson School students have collaborated with Starbucks in designing coffee cups. With the help of local store manager Wayne Del Vecchio and his very supportive and welcoming staff, plastic reusable cups were donated to all participating students, fifty-two of which were displayed for voting. Last year 550 paper votes were received, this year Mrs. Isenberg transitioned to a digital app and 1000 votes were recorded.

Congratulations go to this year's winners, Abby Mendola (1st place), Marissa Dattolo (2nd place) and Ava Zeman (3rd place) who were recognized at the April 16th Board of Education meeting.
