

Athletics Program - Return to Play Plan ***Winter Sports - Basketball***

October 26, 2020

In light of Governor Murphy's Executive Order #187 on October 12, 2020, the Board of Education and Administration has discussed the potential return of our Athletic Program. After researching and planning, we have created the following "phased" approach for returning to play.

We feel this plan best allows us to control the contact that the athletes have with each other in Phase One before allowing contact out of district. This plan also allows us to closely monitor the recommendations from the state and local health departments regarding COVID-19. Please note:

- This plan is for boys' and girls' basketball ONLY at this time. We will revisit volleyball later in the school year and there will be a separate registration period for volleyball.
- We CANNOT guarantee that we will reach Phase 2 or 3. We will monitor recommendations from state and local health departments in order to make decisions about moving into the next phase.
- We may have to go backwards to a previous phase based on recommendations.
- Cancellation may occur if there is a COVID-19 outbreak or upon recommendations from the state or local health departments.
- ALL participants in ALL phases must follow the COVID-19 protocol set forth in the Return to Play Handbook for Athletes, Parents and Coaches. [CLICK HERE FOR THE HANDBOOK.](#)
