DATE 8/14/2024 TIME 9:00 AM

If an outdoor application, 3 dates must be listed, in chronological order, on which the outdoor application may take place if the preceding date is canceled.

DATE N/A DATE _____ DATE _____

Description of the possible adverse effects of the pesticide(s) as per the Material Safety Data Sheets for the pesticide(s) to be used, if available:

May cause slight irritation to the skin. May cause slight but temporary irritation to the eyes. Sensitization: Skin sensitizing effects were not observed in animal studies. Medical conditions aggravated by overexposure: Individuals with pre-existing diseases of the respiratory, skin or eyes may have increased susceptibility to excessive exposures.

Pesticide product label instructions and precautions related to public safety:

Harmful if swallowed, inhaled or absorbed through the skin. Causes moderate eye irritation. DO NOT get in eyes, on skin, or on clothing. Avoid breathing vapors or spray mist. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco. Remove contaminated clothing and wash clothing before re-use.

Note: as required by law, we are advising you of the following statement:

The Office of Pesticide Programs of the United States Environmental Protection Agency has stated: "Where possible, persons who potentially are sensitive, such as pregnant women, infants, and children, should avoid any unnecessary pesticide exposure."
