MRS. PHYLLIS ALPAUGH  
SUPERINTENDENT OF SCHOOLS

September 25, 2018

Families of Rockaway Borough Students:

At the Rockaway Borough School District, we are committed to ensure that student academic progress is assessed and monitored in a meaningful and non-intrusive manner. As such, our district implements a combination of State-mandated and district-mandated standardized assessments. In an effort to keep you maximally informed, our district has designed reporting procedures to ensure that all parents are provided with their child's standardized performance results to complement the information that we provide on student report cards. It is our intention to compile and share information with you during conferences (where applicable), at the end of the school year and upon receipt of state reports. In the meantime, if you have any questions about your students' performance during the year on any assessments, the results will be provided to you upon request.

I have included the attached table which lists the administered tests, along with information regarding which students will participate, and the potential dates for testing in regards to the 2018-19 school year.

Thank you for your ongoing support for our schools and students.

Sincerely yours,

Phyllis Alpaugh  
Superintendent of School
