ROCKAWAY BOROUGH SCHOOLS--NOVEMBER 6, 2018

**LOCAL ROTARIANS
DELIVER
DICTIONARIES TO
3RD GRADERS**

THANK YOU ROTARY!

On Tuesday November 6th, local Rotarians, Mr. Rod Seifert and Mr. Ken Nickel, came to Lincoln School to deliver dictionaries to all students in the 3rd grade. The practice which is an annual event is part of a national project supported by Rotary Clubs all over the country to promote local literacy as well as develop reading and writing skills for students in surrounding schools.

Third grade students assembled in the cafeteria to greet the local members and eagerly accepted the new dictionaries. As part of the presentation, Mr. Seifert and Mr. Nickel spoke about some of the Rotary's involvement with local initiatives and projects as well as Rotary International's efforts to eradicate Polio throughout the world. As an added bonus, Mr. Seifert did a mini-language arts lesson for the group to illustrate the importance of dictionary use in developing good writers, active readers and critical thinkers.
