**THE ADMIN TEAM
SPENDS THE DAY
VISITING
CLASSROOMS**

OUT OF OFFICE DAY

On Tuesday December 18th, members of the Admin team participated in the district's fourth annual "Out of Office" Day. What happens on "Out of Office" day? It's simple, but extremely powerful. Building principals and district administrators get out of their offices, do not answer their phones, forget their emails and focus on visiting classrooms all the day long to "get in touch" with what is happening around the district. It's a great way to reconnect with both students and staff as well as get back to one's educational roots.
