SPECIAL EDUCATION MEDICAID INITIATIVE (SEMI) PROGRAM

6111 SPECIAL EDUCATION MEDICAID INITIATIVE (SEMI) PROGRAM

Every New Jersey school district, with the exception of any district that obtains a waiver of the requirements of N.J.A.C. 6A:23A-5.3 pursuant to the procedures set forth at N.J.A.C. 6A:23A-5.3(b), shall take appropriate steps to maximize its revenue from the Special Education Medicaid Initiative (SEMI) Program by following policies and procedures to maximize participation in the program as set forth in N.J.A.C. 6A:23A-5.3(d) and to comply with all program requirements as set forth in N.J.A.C. 6A:23A-5.3(e).

The school district may seek, in the pre-budget year, a waiver of the requirements of N.J.A.C. 6A:23A-5.3 in accordance with the procedures as outlined in N.J.A.C. 6A:23A-5.3(b). As part of the annual budget information, the Department of Education shall provide each school district with a projection of available SEMI reimbursement for the budget year, as determined by the State Department of Treasury's third party administrator for SEMI.

Beginning with the 2009-2010 school year, the school district shall recognize as revenue in its annual school district budget no less than ninety percent of the projection provided by the Department of Education. The district may seek approval from the Executive County Superintendent to use its own projection of SEMI reimbursement upon demonstration that the numbers it used in calculating the projection are more accurate than the projection provided.

The school district shall strive to achieve maximum participation in the SEMI program. "Maximum participation" means obtaining a ninety percent return rate of parental consent forms for all SEMI eligible pupils. Districts shall enter all pupils following their evaluations into the third-party system to identify the district's universe of eligible pupils. This can be done without parental consent.

Districts participating in the SEMI reimbursement program shall comply with program requirements as outlined in N.J.A.C. 6A:23A-5.3(e).

A school district that has less than ninety percent participation of SEMI eligible pupils in the pre-budget year or that has failed to comply with all program requirements set forth in N.J.A.C. 6A:23A-5.3(e) shall submit a SEMI action plan to the Executive County Superintendent for review and approval as part of the school district's proposed budget submission. The district's SEMI action plan shall include the components as outlined in N.J.A.C. 6A:23A:5.3(g).

SPECIAL EDUCATION MEDICAID INITIATIVE (SEMI) PROGRAM

Districts that did not achieve ninety percent participation or achieve their approved benchmarks in the SEMI program for a given budget year and cannot demonstrate that they fully implemented their Department of Education approved SEMI action plan, shall be subject to review for the withholding of State aid by the Commissioner pursuant to N.J.S.A. 18A:55-3 in an

amount equal to the SEMI revenue projection based on their approved benchmark for the budget year, if applicable, less actual SEMI reimbursements for the budget year. The State aid deduction shall be made in the second subsequent year after the budget year.

6112 REIMBURSEMENT OF FEDERAL AND OTHER GRANT EXPENDITURES (M)

Page 1 of 2

6112 REIMBURSEMENT OF FEDERAL AND OTHER GRANT EXPENDITURES (M)

The Cash Management Improvement Act (CMIA) and related Federal regulations require a State to minimize the time elapsing between the transfer of funds from the United States Treasury and the expenditure of funds for program purposes. This requirement applies to grantees such as the State of New Jersey and their subgrantees, such as a school district. The State of New Jersey and school districts must assure funds have been, or will be, spent within a minimal amount of time after having been drawn from the Federal government.

In accordance with this requirement, the New Jersey Department of Education (NJDOE) has implemented a reimbursement request system of payment. The procedures as outlined in the New Jersey Department of Education Policies and Procedures for Reimbursement of Federal and Other Grant Expenditures shall be followed by school districts in submitting reimbursement requests. Reimbursement requests for entitlement grant awards under the Every Student Succeeds Act (ESSA), the Individuals with Disabilities Education Act (IDEA), the Strengthening Career and Technical Education for the 21st Century Act, and any other program designated by the NJDOE shall be made using the NJDOE's Electronic Web-Enabled Grant (EWEG) System.

Reimbursement requests by the School Business Administrator/Board Secretary or designee shall be made for individual titles and awards using the payment functionality of the EWEG system. Only one reimbursement request per month may be submitted for an individual title, award, or subgrant. Reimbursement requests may only be for expenditures that have already occurred or will occur within three business days of receipt of funds.

The submission of a reimbursement request constitutes a certification by the School Business Administrator/Board Secretary that the school district has previously made the appropriate expenditures and/or will make the expenditures within three business days of receipt of funds and that the expenditures are allowable and appropriate to the cost objective(s) of the subgrant.

The Superintendent or designee is responsible for submitting an amendment application to the NJDOE for approval if a new budget category for which no funds were previously budgeted or approved has been created. The Superintendent or designee is responsible for submitting an amendment application to the NJDOE for approval if cumulative transfers among expenditure categories exceed ten percent of the total award. The Superintendent or designee is responsible for monitoring the cumulative ten percent level of fiscal change.

Reimbursement requests must be in accordance with approved grant applications. A reimbursement request may be submitted at any time after the subgrant has received final NJDOE approval. Reimbursement requests submitted at least ten business days before the end of the month but no later than the fifteenth day of the month will be reviewed and, if approved, processed for payment the first business day of the following month. School districts will

POLICY

FINANCES

Page 2 of 2

normally receive payment by the fifth business day of the month and will be able to track the grant's payment history in EWEG through the payments link of the grant application.

Reimbursement requests must contain a brief description of the expenditures for which reimbursement is being requested. Individual line items need not be detailed. Expenditures must be supported by documentation at the school district level but should not be submitted to the NJDOE with a reimbursement request. The Superintendent or designee is responsible to maintain supporting documentation for seven years and for making it available to the NJDOE, the United States Department of Education, and/or their authorized representatives upon request. Documentation for salary expenditures is subject to the requirements of the Federal Uniform Grant Guidance. Documentation for all other expenditures must include evidence that the expenditures are allowable costs and of the relationship of the expenditure to the subgrant's cost objectives.

The NJDOE staff will review reimbursement requests to determine that they meet the subgrant's criteria. When a reimbursement request is approved or denied, the school district will receive an email notification through the EWEG system. Approval of a reimbursement request by NJDOE does not imply approval of the expenditures as allowable or appropriate to the subgrant's cost objectives as the approval of expenditures will continue to be processed through the final report.

The School Business Administrator/Board Secretary or designee assumes responsibility for assuring that all funds requested through the EWEG system either have already been expended, or will be expended within three business days of receipt of funds.

6113 E-RATE

The Telecommunications Act of 1996 provides for a Federal funded program called the Universal Service Fund (USF) or E-Rate that is designed to provide affordable access to telecommunications services for all eligible schools and libraries in the United States. The program provides discounts on telecommunications services, Internet access and internal connections, and provides discounts of up to ninety percent to assist most schools and libraries in the United States to obtain affordable telecommunications and Internet access. The purpose of this Policy is to provide guidance and direction so the _____ School District can participate in the E-Rate program and this Policy assigns E-Rate responsibilities to school staff members to ensure the school district is in compliance with Federal Communications Commission and E-Rate participation requirements.

Full access to telecommunications and information resources makes possible the rich teaching and learning that take place in schools and libraries. For these institutions to provide the high level of service necessary for their students and patrons to participate fully in American society, the costs can be great. Telecommunications and Internet access, the hardware needed for assembling local networks, and maintenance of systems and machines can stretch budgets that are already under stress.

Universal Service Administrative Company (USAC) is responsible for processing applications for support, confirming eligibility, and reimbursing telecommunications companies and Internet access providers for discounted services delivered to eligible schools and libraries. USAC reviews applications, invoices, and other program information to ensure that applicants and service providers follow rules for the program set by the Federal Communications Commission (FCC). USAC also conducts Schools and Libraries Program beneficiary audits to ensure program compliance.

Eligible participants include public and most non-profit Kindergarten through grade twelve schools as well as all public and many private libraries. All program participants must carry out a competitive bidding process to select the most cost-effective companies to provide the goods and/or services requested.

Once eligible school districts complete the competitive bidding process, applicants submit to USAC all information required to demonstrate compliance with the rules required for receiving support. After approving applications, USAC notifies applicants of a commitment to fund the acquisition of services. When applicants start receiving services, USAC makes payments to the companies selected to provide those services.

Funding may be requested under five categories of service: Telecommunications, Telecommunications Services, Internet Access, Internal Connections, and Basic Maintenance of Internal Connections. Discounts for support depend on the level of poverty and the urban/rural status of the population served and range from twenty percent to ninety percent of the costs of eligible services.

Eligible participants include public and most non-profit Kindergarten through grade twelve schools as well as all public and many private libraries. Guidance on the eligibility requirements to participate in the E-Rate Program is available on the USAC website at www.usac.org.

This Policy provides the steps to be used by this school district to receive E-Rate discounts.

Technology Plan

A Technology Plan is a plan prepared by the school district that explains how telecommunications and information technology will be used to achieve educational goals, curriculum reforms, or library service improvements. School districts applying for Priority 2 services (Internal Connections and Basic Maintenance) must prepare a technology plan.

In general, Technology Plans should not cover more than three years. Technology Plans should be written (at least in draft form) before an FCC Form 470 is posted to the USAC website in order to support the requests for services featured on that form, cover all twelve months of the funding year, and be approved by a USAC-certified Technology Plan Approver (TPA) before an FCC Form 486 is filed and before services start.

Technology Plans must, at a minimum, contain: clear goals and a realistic strategy for using telecommunications and information technology to improve education or library services; a professional development strategy to ensure that members of the staff know how to use these new technologies to improve education or library services; a needs assessment of the telecommunication services, hardware, software, and other services that will be needed to improve education or library services; and an evaluation process that enables the school district to monitor progress toward the specified goals and make mid-course corrections in response to new developments and opportunities as they arise.

In order to be eligible for E-Rate funding, the school district must have its Technology Plan approved for E-Rate use by the New Jersey Department of Education.

The _____ shall be responsible for developing the school district's technology plans and submitting the plans for approval to the New Jersey Department of Education. **(Insert the school district's procedures for developing the technology plan and submitting it to the New Jersey Department of Education for approval.)**

Competitive Bidding Process

A competitive bidding process is a formal process to identify and request the products and services a school district needs so potential service providers can review these requests and submit bids. To open

POLICY

FINANCES

6113 E-RATE

Page 3 of 15

the process, the school district must post an FCC Form 470 to the USAC website and, if the school district chooses to or if required by the New Jersey Public School Contracts Law, N.J.S.A. 18A:18A-1 et seq., issue a Request for Proposals or prepare bid specifications.

The school district will determine eligible E-Rate funding products and services based on the needs as outlined in the school district's approved New Jersey Department of Education Technology Plan or as identified by the Superintendent, in consultation with school district administrative and technology staff members.

The entity that will run the competitive bidding process (which may be the school district, a State procurement agency, or another entity that the district has authorized to negotiate on its behalf with a Letter of Agency (LOA) or similar document) must file the FCC Form 470 (Description of Services Requested and Certification) and must be prepared to receive and evaluate bids and negotiate with service providers.

The FCC Form 470 for the upcoming funding year is generally available online on the USAC website a year before the start of the funding year. FCC Form 470 can be filed for a particular funding year as soon as it becomes available online. The entity filing the FCC Form 470 must wait at least twenty-eight days after the date that the FCC Form 470 is posted and the date the RFP is issued, whichever is later, before closing the competitive bidding process. Services provided under tariff or on a month-to-month basis require an FCC Form 470 to be posted each year. If, however, a multi-year contract results from the competitive bidding process, it is not necessary to post a new FCC Form 470 until a new contract is required.

After the FCC Form 470 is posted to the USAC website, USAC will issue an FCC Form 470 Receipt Notification Letter (RNL). This letter includes much of the information featured on the form, provides a means to correct certain errors, and discusses the next steps in the application process. The _____ will review the RNL to ensure the products and services included in the RNL are accurate and will notify USAC within fifteen days of the postmark date of the RNL if there are any required revisions. If an unallowable correction on the Form 470 is identified, the district must post and certify a new Form 470 within the filing window. A new Form 470 must be posted at least twenty-eight days prior to signing a contract or selecting a service provider.

The entity filing an FCC Form 470 can issue a Request for Proposals (RFP) in addition to the FCC Form 470. For the purposes of this Policy, an RFP is a formal bidding document that describes the project and requested services in sufficient detail so that potential bidders understand the scope, location, and any other requirements. The district's formal bidding documents must indicate the district will accept bids on equal and/or equivalent goods or services. The district is not required to issue an RFP unless the State or local procurement rules or regulations require the district to do so. If the district issued or intends to issue

POLICY

FINANCES

6113 E-RATE

Page 4 of 15

an RFP, that information must be included on the FCC Form 470 along with information on how to obtain a copy of the RFP.

The entity filing the FCC Form 470 must ensure the competitive bidding process is open and fair. All bidders must be treated the same and no bidder can have advance knowledge of the project information. There shall be no secrets in the bidding process, such as information shared with one bidder but not with others. All bidders shall know what is required of them.

Service providers and potential service providers cannot offer or provide gifts to applicants and no school district employee or official shall solicit or accept a gift of any value from a service provider or potential service provider. These prohibitions are in effect during the entire funding year. In addition, the value of free services (e.g., price reductions, promotional offers, “free” products) must generally be deducted from the pre-discount cost of funding requests.

The competitive bidding process and the FCC 470 RNL process shall be coordinated and supervised by the _____. **(Insert the school district’s procedures for coordinating the competitive bidding process and the FCC 470 RNL process.)**

Selecting Service Providers

After the close of the competitive bidding process, the school district shall evaluate the bids received and choose the bid that is the most cost-effective with the price of the E-Rate eligible products and services as the primary factor. The district may consider as many factors in this evaluation as it wants, but the price of the E-Rate eligible products and services must be included as a factor and must be weighted more heavily than any other single factor. The FCC Form 470 and the Request for Proposals (RFP), if issued, must both have been publicly available for a twenty-eight day period, whichever is later, before the district can close its competitive bidding process. Any evaluation of bids shall be in accordance with the New Jersey Public School Contracts Law, N.J.S.A. 18A:18A-1 et seq. and FCC Competitive Bidding Rules.

Preparing a Bid Evaluation Matrix helps evaluate bids and also provides documentation of the process followed to select a service provider. The Bid Evaluation Matrix shall be completed by _____. All copies of bids (successful and unsuccessful), evaluation criteria, vendor contact information, and the signed contract shall be retained in accordance with the document retention guidance outlined in this Policy. The district can receive services:

1. Under tariff or on a month-to-month basis - Services such as basic telephone service or Internet access may not require a contract. The district must post an FCC Form 470 and open a competitive bidding process for these services each year.

POLICY

FINANCES

6113 E-RATE

Page 5 of 15

2. Under a contract - Tariffed or month-to-month services provided under a contract are considered to be contracted services. Also, internal connections and basic maintenance products and services are generally provided under a contract. If the district posts an FCC Form 470 and signs a multi-year contract resulting from that posting, the district does not have to post an FCC Form 470 or open a competitive bidding process again for the life of that contract.

POLICY

ROCKAWAY BOROUGH BOARD OF EDUCATION

FINANCES
6113 E-RATE
Page 6 of 15

If the district intends to receive services under contract, the contract must have been preceded by the filing of an FCC Form 470 (NOTE: If the district has an existing contract that was not signed as a result of posting an FCC Form 470, the district can post an FCC Form 470 for the next funding year and consider its existing contract as a bid response. The district must evaluate any other bids received as well, as the district's existing contract may not be the most cost-effective solution.). The entity that filed the FCC Form 470 must also have followed the Schools and Libraries Program's competitive bidding rules and all applicable State and local contract and procurement rules and regulations.

The Board shall approve all contracts for products or services if the products or services were bid in accordance with N.J.S.A. 18A:18A-1 et seq., where an RFP was used to obtain proposals, or any contract to be awarded in excess of _____.

The district may sign a contract, which may be for one or more years and may include the option of voluntary extensions. If the district is eligible, it can purchase services from a State master contract; however, the district must file their own FCC Form 470 and use the State master contract pricing as a bid to consider in evaluating all potential bids. If the district is eligible to purchase from a State master contract, but that contract will expire before or during the upcoming funding year, the district and the State of New Jersey should follow the guidance for State replacement contracts (See State Master Contracts section on USAC website at www.usac.org).

The evaluation of bids and the selection of service providers or recommending service providers to the Board of Education, if required, shall be the responsibility of the _____. **(Insert the school district's procedures for the evaluation of bids, selecting service providers and signing contracts as applicable.)**

Applying for Discounts

To apply for Schools and Libraries Program discounts, the district must file an FCC Form 471 to provide USAC with information about the services being requested and the eligible discount(s). USAC will review the request, may ask for additional information, and will then issue a funding decision.

All contracts, if contracts are required, must be signed and dated before the FCC Form 471 is submitted to USAC.

The FCC Form 471 must be filed during a specific application window each year. In general, the application filing window opens about six months before the start of the funding year and is open for about two and a half months. All applications received or postmarked before the close of the filing window are considered as having arrived on the same day, and have priority over those submitted after

the filing window has closed. The specific opening and closing dates of the filing window are published in advance on the USAC website.

After the FCC Form 471 is certified online or on paper, USAC will issue an FCC Form 471 Receipt Acknowledgment Letter (RAL). The RAL shall be reviewed by the _____ within twenty calendar days of the school district's receipt of the RAL. This letter includes much of the information featured on the form, provides a means to correct certain errors, and discusses the next steps in the application process. The information the district must provide on the FCC Form 471 includes the following:

1. Entity numbers (also called Billed Entity Numbers (BENs)) for all entities receiving service (recipients of service), together with specific information for each entity (Block 4 of the form).
2. NCES and/or FSCS codes for entities receiving service (Block 4).
3. Information on telephone and Internet access connections and speeds (Block 2).

For each funding request (a service or set of services specific to both a category of service and a service provider) the district must also provide:

[Select One Option Below]

- ___1. Student counts to use for calculating discounts - the total number of students and the total number of students eligible for the National School Lunch Program (NSLP) as determined by the _____.

The FCC also sanctions other mechanisms to determine a school's or district's level of need, as long as those mechanisms are based on - or do not exceed - the same measure of poverty used by NSLP.

or

- ___1. Either an actual count of students eligible for the National School Lunch Program or Federally-approved alternative mechanisms to determine the level of poverty for purposes of the universal service discount program. The district may obtain additional guidance on alternative mechanisms on the USAC website at

School districts that choose not to use an actual count of students eligible for the National School Lunch Program may use only the Federally-approved alternative mechanisms contained in Title I of the Improving America's School Act, which equates one measure

of poverty with another (See [FCC 97-157 - paragraph 510](#)). In the event the district elects to use a Federally-approved alternative mechanism, the details will be provided below:

- _____.]

- The _____ will verify the student data used to calculate discounts in accordance with the eligibility requirements of the National School Lunch Program and the New Jersey Department of Agriculture.

- 2. Specific information on each service or set of services the district is requesting, including:

- a. Name and Service Provider Identification Number (SPIN) of the service provider;

- b. Cost of the service;

- c. Contract number and other contract details (if there is a contract);

- d. Start and end dates of service;

- e. Worksheet(s) identifying the entity or set of entities receiving each service; and

- f. A detailed description of products and services, referred to as an Item 21 attachment. These products and services shall be reviewed by the _____ to ensure they are eligible for E-Rate funding according to the current Eligible Service List as published on the USAC website.

- The district's certified FCC Form 471 and Item 21 attachment(s) are due on or before the close of the application filing window.

- The school district is only able to receive support for internal connections in two of every five funding years. This applies to individual recipients (individual schools, libraries, or non-instructional facilities). For each eligible entity, the five-year period begins in any year in which that entity receives support for internal connections. Entities can use two years within any five-year period, looking back and looking forward from that year. FY 2007 was the first year that entities were ineligible for internal connections funding based on this rule (for entities that received funding for both FY 2005 and FY 2006 internal connections requests). USAC provides a **Two-in-Five Tool** that provides information on the school district's eligibility for funding of internal connections requests for multiple funding years. This rule does not apply to telecommunications and Internet access services or to basic maintenance of internal

connections services categorized as Priority 2. Basic maintenance services are eligible for support each year if they are necessary to the operation of the internal connections network. The school district will be considered to have used a year if it has been specified in the FCC Form 471 Block 4 worksheet cited on one or more approved internal connections funding requests in that year.

- The _____ shall be responsible for applying for discounts from the School and Libraries Program. (Insert the school district's procedures for determining and validating the school district discounts.)

- Application Review

- After the district files an FCC Form 471 and the associated Item 21 attachment(s) within the filing window, Program Integrity Assurance (PIA) reviewers at USAC will check the information on the form for completeness and accuracy and may have additional questions for the district to answer. All applications go through an initial review and a final review, which may involve questions from PIA reviewers on one or more of the following topics:

- 1. Eligibility of the entities receiving service (this review step generally occurs for entities that have not appeared on a previous application);
- 2. Eligibility of the services requested;
- 3. Discount calculations;
- 4. Contracts;
- 5. The competitive bidding process; and/or
- 6. Any discrepancies between the information on the funding request and the associated Item 21 attachment.

- The district must indicate the preferred mode of contact on FCC Form 471 Item 6c (telephone), 6d (fax), or 6e (email). Because PIA reviewers send written questions by fax or email, they will call the district and ask for a fax number or email address if the district indicated telephone as the preferred mode of contact. The district will have fifteen days to respond to PIA questions. The district can ask for more time, if needed, but a request for additional time will add more time to the review process.

- Some applications undergo additional review - Selective Review is one example - where PIA reviewers may request more detailed responses that can include:

-

POLICY

FINANCES

6113 E-RATE

Page 10 of 15

1. Documentation of the competitive bidding and service provider (vendor) selection processes;
-
2. Documentation of the district's ability to pay the non-discount share (the portion of the cost of eligible products and services not reimbursed by USAC); and/or
-
3. Proof the district has obtained necessary resources (i.e., hardware, software, staff training, electrical capacity, retrofitting) that are not eligible for Schools and Libraries Program discounts, but that must be in place to make effective use of the discounted services.

- As part of the review process, PIA reviewers may be required to change the category of service on a Funding Request Number (FRN). If PIA reviewers discover there are ineligible services in a funding request, the district will be able to remove them or move them to a separate request to avoid denial under the thirty percent rule. After the PIA review process has been completed, USAC issues a Funding Commitment Decision Letter (FCDL) containing USAC's decisions on the district's funding requests. The district should review this letter carefully, as it contains important information both for planning the start of the receipt of services and for completing the additional steps in the application process. If the district disagrees with one or more of the decisions in the FCDL, the district can appeal to USAC or to the Federal Communications Commission (FCC).

- The _____ shall be responsible for preparing and providing the requested documentation for the application review(s). (Insert the school district's procedures for preparing and providing the documentation for application review.)

Starting Services

- After the district receives the Funding Commitment Decision Letter (FCDL) and the delivery of services has started, the _____ shall be responsible for: filing a FCC Form 486 to inform USAC that services for which the district has been approved for discounts have started and invoicing can begin; assuring the district's Technology Plan, if required, has been approved by a USAC-certified Technology Plan Approver and the district is in compliance with the Children's Internet Protection Act (CIPA), 47 CFR 54.520, or CIPA does not apply because the district's application is only for Telecommunications Services and/or Interconnected Voice over Internet Protocol (VoIP) services. CIPA requirements include an internet safety policy, a technology protection measure, a public notice hearing or meeting, the monitoring of online activities of minors, and providing education to minors on appropriate online behavior.

- The _____ shall be responsible for reviewing the originating purchase order and/or contract to ensure the products and services on the purchase order or contract have been received in the

POLICY

FINANCES
6113 E-RATE

Page 11 of 15

district, and the invoice from the provider is consistent with the purchase order/contract and products and services received.

- In advance of the start of services, the district and its service provider(s) should have a conversation about the details of the services the district will be receiving. The district should also review the contract, if there is a contract. In addition, the district should determine whether the district or its service provider will invoice USAC for the discounted amount of the cost of the services. Under certain circumstances, advanced installation of some Priority 1 components can occur before July 1 of the funding year.

- The district can file an FCC Form 486 early (before services have started) if the district:

- 1. Received its FCDL; and

- 2. Services will start in the month of July; and

- 3. The district can truthfully make all of the certifications in Block 4, which include compliance with the technology plan and CIPA requirements; and

- 4. The district is filing the form on or before July 31.

- NOTE: Early filing using Item 6a on the FCC Form 486 is an option if and only if services will start within the month of July of the relevant funding year, all relevant certifications in Block 4 can be accurately made, and the FCC Form 486 is postmarked on or before July 31 of the Funding Year.

- The district must be in compliance with the Schools and Libraries Program's technology plan requirements and the requirements of CIPA before services start. USAC cannot pay discounts on services received during a period of time when the district was not in compliance. USAC may review the district's compliance with these requirements either before or after the district's FCC Form 486 is processed.

- The FCC Form 486 must be certified no later than one hundred twenty days after the service start date or one hundred twenty days after the date of the FCDL, whichever is later. Filing late can result in a reduction in funding; the later the filing date, the greater the reduction.

- After USAC completes the processing of the district's FCC Form 486, USAC will issue an FCC Form 486 Notification Letter. This letter features the information the district provided on the form and outlines the next steps in the application process. If USAC was required to adjust the service start date for a funding request due to a compliance issue, the service start date in the letter will be marked with an asterisk and followed by an explanation of the reason for the adjustment.

- To be eligible for program support, eligible services must be received during a specific period of time related to the particular funding year for which discounts are requested. Recurring services must be delivered during the relevant funding year (July 1 through June 30). In general, non-recurring services must be delivered and installed between July 1 of the relevant funding year and September 30, following the June 30 close of that funding year (i.e., fifteen months after the beginning of the funding year). However, certain recipients have received or may receive extensions of the deadline for delivery and installation of non-recurring services. Such extensions can occur for various reasons, including:

- 1. A Funding Commitment Decision Letter (FCDL) was issued by USAC on or after March 1 of the funding year for which support was authorized.
- 2. Operational SPIN changes or service substitutions were approved by USAC on or after March 1 of the funding year.
- 3. The school district or service provider requested an extension because the service provider was unable to complete delivery and installation for reasons beyond the service provider's control.
- 4. The school district or service provider requested an extension because the service provider has been unwilling to complete delivery and installation after USAC withheld payment for those services on a properly-submitted invoice for more than sixty days after submission of the invoice.

- USAC will automatically extend the service delivery deadline in situations where criteria (1) or (2) listed above are met. Recipients of non-recurring services that wish to satisfy criterion (3) must submit documentation to USAC on or before September 30 following the close of the funding year. A recipient of service that meets criterion (4) must certify to USAC on or before September 30 following the close of the funding year that its service provider was unwilling to deliver or install non-recurring services before the expiration of the deadline after USAC had withheld payment for those services on a properly submitted invoice for more than sixty days after the submission of the invoice.

Invoicing

- After USAC has processed the district's FCC Form 486, the district or its service provider can begin the process of invoicing USAC for the discount share of the approved eligible services. The _____, in consultation with the school business office staff member responsible for

authorizing the payment of invoices, shall be responsible for reviewing the originating purchase order and/or contract, the products or services on the purchase order or contract have been received by district, and the invoice from the service provider is consistent with the purchase order or contract. The _____ shall only submit reimbursement requests to USAC for eligible products and services once the district's non-discounted portion is paid.

There are two methods that can be used to invoice USAC. Once USAC has processed an invoice for a funding request, that method of invoicing must be used for that particular funding request for the remainder of the invoicing process.

1. Invoice Method #1

Applicants file FCC Form 472, Billed Entity Applicant Reimbursement (BEAR) Form if the district paid the service provider in full for the services and want to be reimbursed for the discount amount. The service provider must approve the form before it is submitted to USAC. USAC will review the invoice and process a payment to the service provider if payment is approved. The service provider then passes the reimbursement on to the applicant.

2. Invoice Method #2

Service providers file FCC Form 474, Service Provider Invoice (SPI) Form if they have provided discounted bills to their customer and want to be reimbursed for the discount amount.

Under both invoice methods, USAC will review the invoice and process a payment to the service provider if payment is approved. Applicants are required to pay the non-discount portion of the cost of the services.

The district can file a BEAR Form after all of the following have occurred:

1. The district received a Funding Commitment Decision Letter (FCDL); and

2. The district has filed, and USAC has processed, an FCC Form 486; and

3. The district's service provider has filed an FCC Form 473, Service Provider Annual Certification (SPAC) Form (disbursements cannot be made until the SPAC has been filed with USAC); and

4. The district paid for the service in full; and

5. In general, the services must have been delivered (an exception can be made for progress payments specified in a contract).

-
The district must file, and the service provider must approve, BEAR Forms no later than one hundred twenty days after the last day to receive service or one hundred twenty days after the FCC Form 486 Notification Letter date, whichever is later. If the deadline is missed the district can request an invoice deadline extension.

After processing the district's BEAR Form, USAC will issue a BEAR Notification Letter with information about the processing of the district's form. If the district needs more information about a reduction or denial of payment, the district should refer to the invoice error code(s) featured on the letter.

- After the end of each calendar quarter, USAC issues a Quarterly Disbursement Report that details all invoicing activity, BEAR Forms, and SPI Forms processed during that quarter for all funding years. This report allows the district to track all of the invoicing activity related to the district's Billed Entity Number (BEN). The district can initiate an invoice check if it would like to be notified each time the district's service provider submits a SPI Form.

- The _____ shall be responsible to ensure that all eligible E-Rate goods and services have been received, the service provider invoices are correct and the district's non-discounted portion of the invoice has been paid before submitting invoices to USAC. The _____ shall review the eligible reimbursements that are made to any service provider to ensure the amounts being billed to USAC and the school district equal 100% of the invoiced amount. The _____ will notify USAC and the provider in the event there are any problems with this reconciliation. **(Insert the school district's procedures for invoicing, making payments to service providers, and requesting reimbursements from USAC.)**

Annual Policy Review

- The _____ shall be responsible to ensure this Policy is reviewed annually and make recommendation for any revisions to this Policy as needed.

Document Retention

- All documents related to the E-rate Program, including but not limited to, the application process, the competitive bidding/vender selection process, and the invoicing process shall be retained for at least five years after the last date of service delivered for a particular funding year or in accordance with the New Jersey Division of Archives and Records Management Schedules of Record Retention, whichever is longer.

Determining the allowability of costs shall be in accordance with the requirements outlined in 2 CFR §200.403 – Factors Affecting Allowability of Costs. The School Business Administrator/Board Secretary or designee shall be responsible for determining the allowability of costs are in accordance with the provisions of 2 CFR §200.403.

The following procedures shall be used to determine the allowability of costs in accordance with 2 CFR §200.403:

1. Be necessary and reasonable for the performance of the Federal award and be allocable thereto under these principles.

3. Be consistent with policies and procedures that apply uniformly to both Federally-financed and other activities of the non-Federal entity.
4. Be accorded consistent treatment. A cost may not be assigned to a Federal award as a direct cost if any other cost incurred for the same purpose in like circumstances has been allocated to the Federal award as an indirect cost.
5. Be determined in accordance with Generally Accepted Accounting Principles (GAAP), except for State and local governments, which includes school districts, as otherwise provided for in 2 CFR §200.403.
6. Not be included as a cost or used to meet cost sharing or matching requirements of any other Federally-financed program in either the current or a prior period. (See also 2 CFR §200.306 – Cost Sharing or matching 2. above).

7. Be adequately documented. (See also 2 CFR §200.300 – Statutory and National Policy Requirements through 2 CFR §200.309 – Period of Performance).

In the event the School Business Administrator/Board Secretary or designee is not sure if a cost is allowable under 2 CFR Subpart E - §200.403, the School Business Administrator/Board Secretary or designee will contact the New Jersey Department of Education or the United States Department of Education for assistance.

MANDATORY DISCLOSURES**

The Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (UGG), 2 CFR §200.113 – Mandatory disclosures requires a non-Federal entity or applicant (a New Jersey Board of Education) for a Federal award must disclose, in a timely manner, in writing to the Federal awarding agency or to the New Jersey Department of Education all violations of Federal criminal law involving fraud, bribery, or gratuity violations potentially affecting the Federal award.

If the Board of Education receives a Federal award including the terms and conditions outlined below as per 2 CFR §200 – Appendix XII – Award Term and Condition for Recipient Integrity and Performance Matters shall report certain civil, criminal, or administrative proceedings to the System for Award Management (SAM). Failure to make required disclosures can result in any of the remedies described in 2 CFR §200.338 - Remedies for noncompliance, including suspension or debarment. (See also 2 CFR §180, 31 USC 3321, and 41 USC 2313)

A. General Reporting Requirement

1. If the total value of all Board of Education currently active grants, cooperative agreements, and procurement contracts from all Federal awarding agencies exceeds \$10,000,000 for any period of time during the period of performance of this Federal award, then the Superintendent or designee, on behalf of the Board of Education as the recipient during that period of time, must maintain the currency of information reported to the SAM that is made available in the designated integrity and performance system about civil, criminal, or administrative proceedings described in B. below.
2. This is a statutory requirement under section 872 of Public Law 110-417, as amended (41 USC 2313).
3. As required by section 3010 of Public Law 111-212, all information posted in designated integrity and performance system on or after April 15, 2011, except past performance reviews required for Federal procurement contracts, will be publicly available.

- B. Proceedings About Which the Board of Education Must Report
1. The Superintendent or designee must disclose to the Federal awarding agency or to the New Jersey Department of Education information required about each proceeding that:
- a. Is in connection with the award or performance of a grant, cooperative agreement, or procurement contract from the Federal Government;
 - b. Reached its final disposition during the most recent five-year period; and
 - c. Is one of the following:
 - (1) A criminal proceeding that resulted in a conviction, as defined in E. below;
 - (2) A civil proceeding that resulted in a finding of fault and liability and payment of a monetary fine, penalty, reimbursement, restitution, or damages of \$5,000 or more;
 - (3) An administrative proceeding, as defined in E. below, that resulted in a finding of fault and liability and the payment of either a monetary fine or penalty of \$5,000 or more or reimbursement, restitution, or damages in excess of \$100,000; or
 - (4) Any other criminal, civil, or administrative proceeding if:
 - (a) It could have led to an outcome described in B.1.c.(1), (2), or (3) above of this award term and condition;
 - (b) It had a different disposition arrived at by consent or compromise with an acknowledgment of fault on the school district's part; and
 - (c) The requirement in this award term and condition to disclose information about the proceeding does not conflict with applicable laws and regulations.

C. Reporting Procedures

1. The Superintendent or designee shall enter in the SAM Entity Management area the information that the SAM requires about each proceeding described in B. above.
2. The Superintendent or designee does not need to submit the information a second time under assistance awards the Board of Education received if the Superintendent or designee already provided the information through the SAM because the Board of Education was required to do so under Federal procurement contracts the Board of Education was awarded.

D. Reporting Frequency

1. During any period of time when the Board of Education is subject to the requirement in A. above, the Superintendent or designee must report proceedings information through the SAM for the most recent five-year period, either to report new information about any proceeding(s) the Board of Education has not reported previously or affirm that there is no new information to report.
2. If the Board of Education has Federal contract, grant, and cooperative agreement awards with a cumulative total value greater than \$10,000,000, the Board of Education must disclose semiannually any information about the criminal, civil, and administrative proceedings.

E. Definitions

 - a. “Administrative proceeding” for the purposes of 2 CFR §200 - Appendix XII and this Policy means a non-judicial process that is adjudicatory in nature in order to make a determination of fault or liability. This includes proceedings at the Federal and State level but only in connection with performance of a Federal contract or grant. It does not include audits, site visits, corrective plans, or inspection of deliverables.

- b. “Conviction” for the purposes of 2 CFR §200 - Appendix XII and this Policy, means a judgment or conviction of a criminal offense by any court of competent jurisdiction, whether entered upon a verdict or a plea, and includes a conviction entered upon a plea of nolo contendere.
- c. Total value of currently active grants, cooperative agreements, and procurement contracts includes:
 - (1) Only the Federal share of the funding under any Federal award with a Board of Education cost share or match; and
 - (2) The value of all expected funding increments under a Federal award and options, even if not yet exercised.

2 CFR §200.113

6115.03 FEDERAL AWARDS/FUNDS INTERNAL CONTROLS –
CONFLICT OF INTEREST

The Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (UGG), 2 CFR §200.318 – General Procurement Standards addresses standards of conduct covering conflict of interest and governs the actions of school district employees, officers, and agents in the selection, award, and administration of contracts supported by a Federal award.

The Board of Education must use its own documented procurement procedures which reflect applicable State and local laws and regulations, provided that the procurements conform to the applicable Federal law and the standards identified in 2 CFR §200.

The Board of Education must maintain oversight to ensure that contractors perform in accordance with the terms, conditions, and specifications of their contracts or purchase orders.

The Board of Education must maintain written standards of conduct covering conflicts of interest and governing the actions of its employees engaged in the selection, award, and administration of contracts supported by a Federal award.

1. No employee, officer, or agent of the Board of Education may participate in the selection, award, or administration of a contract supported by a Federal award if he or she has a real or apparent conflict of interest.
 - a. Such a conflict of interest would arise when a Board of Education employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or other interest in or a tangible personal benefit from a firm considered for a contract.
2. The Board of Education officers, employees, and agents must neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts.
3. However, a Board of Education may set standards for situations in which the financial interest is not substantial or the gift is an unsolicited item of nominal value.

4. The standards of conduct must provide for disciplinary actions to be applied for violations of such standards by officers, employees, or agents of the non-Federal entity.

The Board of Education's procedures must avoid acquisition of unnecessary or duplicative items. Consideration should be given to consolidating or breaking out procurements to obtain a more economical purchase. Where appropriate, an analysis will be made of lease versus purchase alternatives, and any other appropriate analysis to determine the most economical approach.

To foster greater economy and efficiency, and in accordance with efforts to promote cost-effective use of shared services across the Federal government, the Board of Education is encouraged to enter into State and local intergovernmental agreements or inter-entity agreements where appropriate for procurement of use of common or shared goods and services.

The Board of Education is encouraged to use Federal excess and surplus property in lieu of purchasing new equipment and property whenever such use is feasible and reduces project costs.

The Board of Education is encouraged to use value engineering clauses in contracts for construction projects of sufficient size to offer reasonable opportunities for cost reductions. Value engineering is a systematic and creative analysis of each contract item or task to ensure that its essential function is provided at the overall lower cost.

The Board of Education must award contracts only to responsible contractors possessing the ability to perform successfully under the terms and conditions of a proposed procurement. Consideration will be given to such matters as contractor integrity, compliance with public policy, record of past performance, and financial and technical resources. (See also 2 CFR §200.213 – Suspension and Debarment).

The Board of Education must maintain records sufficient to detail the history of procurement. These records will include, but are not necessarily limited to the following: rationale for the method of procurement, selection of contract type, contractor selection or rejection, and the basis for the contract price.

The Board of Education may use a time and materials type contract only after a determination that no other contract is suitable and if the contract includes a ceiling price that the contractor exceeds at its own risk. Time and materials type contract means a contract whose cost to a Board of Education is the sum of:

1. The actual cost of materials; and
2. Direct labor hours charged at fixed hourly rates that reflect wages, general and administrative expenses, and profit.

Since the time and material formula generates an open-ended contract price, a time-and-materials contract provides no positive profit incentive to the contractor for cost control or labor efficiency. Therefore, each contract must set a ceiling price that the contractor exceeds at its own risk. Further, the Board of Education awarding such a contract must assert a high degree of oversight in order to obtain reasonable assurance that the contractor is using efficient methods and effective cost controls.

The Board of Education alone must be responsible, in accordance with good administrative practice and sound business judgement, for the settlement of all contractual and administrative issues arising out of procurements. These issues include, but are not limited to, source evaluation, protests, disputes, and claims. These standards do not relieve the Board of Education of any contractual responsibilities under its contracts. The Federal awarding agency will not substitute its judgement for that of the Board of Education unless the matter is primarily a Federal concern. Violations of law will be referred to the local, State, or Federal authority having proper jurisdiction.

The Board of Education and its employees shall be required to comply with all New Jersey statutes and administrative codes regarding school ethics and internal controls.

6115.04 FEDERAL FUNDS – DUPLICATION OF BENEFITS (M)

A requirement for a Board of Education/local education agency (LEA) who accepts funds from the Coronavirus Response and Relief Supplemental Appropriations Act (CRRSAA) – Elementary and Secondary School Emergency Relief Fund (ESSERF II); American Rescue Plan Elementary and Secondary Schools Emergency Relief (ARP ESSER); and all Federal programs and grants is for the LEA to have a Duplication of Benefits (DOB) Policy. DOB occurs when a person, household, business, government, or other entity receives financial assistance from multiple sources for the same purpose, and the total assistance received for that purpose is more than the total need for assistance.

The School Business Administrator/Board Secretary shall be responsible for ensuring no DOB occurs and will be responsible for ensuring compliance by subcontractors, subrecipients, and other partners.

To comply with DOB requirements, an LEA that accepts Federal funds is required by the Coronavirus Aid, Relief, and Economic Security (CARES) Act to establish and follow procedures to ensure that DOB does not occur. Establishing a process to effectively identify and prevent DOB is critical for the LEA to effectively manage multiple active funding streams related to coronavirus response and efficiently target resources to meet unmet needs within the school district. The Board of Education is solely responsible for ensuring that an actual DOB does not occur.

To prevent DOB, the LEA will have:

1. A requirement that the LEA must agree to repay assistance that is determined to be duplicative. This may be documented through a subrogation agreement or similar clause included in the agreement with the LEA. The LEA will establish a protocol to monitor compliance based on risk of DOB for each activity; and
2. A method of assessing whether the use of these funds will duplicate financial assistance that is already received or is likely to be received (such as insurance proceeds) by acting reasonably to evaluate the need and the resources available to meet that need. The LEA will evaluate current programs available at the local, county, State, and Federal level as well as current and anticipated non-governmental assistance from nonprofits or faith-based groups and establish lines of communication for preventing DOB.

To analyze DOB, the LEA will complete the following steps:

1. Assess Need: Determine the amount of need (total cost);
2. Determine Assistance: Determine the amount of assistance that has or will be provided from all sources to pay for the cost;
3. Calculate Unmet Need: Determine the amount of assistance already provided compared to the need to determine the maximum award (unmet need); and
4. Document Analysis: Document calculation and maintain adequate documentation justifying determination of maximum award.

In DOB calculations, private loans are not considered a form of assistance and will not be considered when calculating DOB. However, subsidized loans from the Small Business Administration or Federal Emergency Management Agency will be included in the DOB analysis unless one of the three exceptions below is met:

1. Short-term subsidized loans (e.g. bridge loans) for costs later reimbursed with Federal funds;
2. Declined or cancelled subsidized loans; or
3. Loan assistance used toward a loss suffered as a result of a major disaster or emergency.

6220 BUDGET PREPARATION

The annual budget is the financial plan for the effectuation of the educational plan for the district; its preparation is, therefore, one of the most important functions performed by the Board of Education. The budget shall be designed to carry out that plan in a thorough and efficient manner, to maintain school district facilities, and to honor continuing obligations of the district.

A proposed budget requires the critical analysis of every member of the Board during its preparation. The administration shall work with the Board to ensure Board members have a thorough understanding of the budget appropriations, budget revenue, the proposed educational program and the budget's impact to the local tax levy. The Board shall also provide for community input during the budget development process.

6311 CONTRACTS FOR GOODS OR SERVICES FUNDED BY FEDERAL GRANTS (M)

Any vendor providing goods or services to the school district to be funded by a Federal grant must be cleared for contract in accordance with the provisions of the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (UGG), 2 CFR §200.213 – Suspension and Debarment.

The School Business Administrator/Board Secretary shall be responsible to check the web-based System for Award Management (SAM), accessible at www.sam.gov maintained by the United States government – the General Services Administration (GSA). The purpose of the SAM is to provide a single comprehensive list of individuals and firms excluded by Federal government agencies from receiving Federal contracts or Federally approved contracts or Federally approved subcontracts and from certain types of Federal financial and nonfinancial assistance and benefits.

The School Business Administrator/Board Secretary, upon opening of bids or upon receipt of proposals for goods or services to be funded by a Federal grant shall access the SAM to determine if the vendor has been disbarred, suspended, or proposed for disbarment. The School Business Administrator/Board Secretary shall also access the SAM list immediately prior to the award of a bid or contract to ensure that no award is made to a vendor on the list.

In the event a vendor under consideration to be awarded a bid or contract for goods or services to be funded by a Federal grant is on the SAM list or proposed for disbarment, the School Business Administrator/Board Secretary shall comply with the contracting restrictions as outlined in 2 CFR §200.

Continuation of current contracts and restrictions on subcontracting with vendors who are on the SAM list or proposed for disbarment shall be in accordance with the limitations as outlined in 2 CFR §200.

Any rejection of a bid or disqualification of a vendor who has been disbarred, suspended, or proposed for disbarment shall be consistent with the requirements as outlined in N.J.S.A. 18A:18A – Public School Contracts Law and all applicable State laws.

The applicability of the provisions of this Policy apply to covered transactions as defined in 2 CFR §3485.220. A covered transaction is any contract that is awarded by the Board of Education that is covered under 2 CFR §180.210 and the amount of the contract is expected to equal or exceed \$25,000, unless the Board chooses a lower threshold.

P 6320 PURCHASES SUBJECT TO BID

The Board of Education directs the establishment and conduct of bidding procedures that serve the public interest and provide each qualified vendor an equal opportunity to furnish goods and services to the district.

Every contract for the performance of work or the purchase or lease of materials or supplies not exempted by law will be subject to public bidding whenever the aggregate value of such a contract within one contract year exceeds the bid threshold established by law and in accordance with N.J.S.A. 18A:18A-3.(a). Whenever possible, purchases will be aggregated; purchases may not intentionally be divided to avoid the requirements for competitive bidding as required in N.J.S.A. 18A:18A-8. The purchase of textbooks and materials that exceed the bid threshold and are approved by the Board pursuant to N.J.S.A. 18A:34-1 shall not require the further adoption of a resolution for purchase.

Bid specifications will be prepared and/or are coordinated by the _____. Each bid specification will offer a common standard of competition and will assert the Board's right to accept reasonable equivalents and to reject all bids and re advertise. The _____ is authorized to advertise for bids in accordance with N.J.S.A. 18A:18A-21 without the prior approval of the Board, but shall inform the Board of any such advertisement at the Board meeting next following. Records of advertisements will be kept in detail sufficient to show that a reasonable number of qualified vendors were invited to bid.

Bids shall be opened publicly by the _____ before one or more witnesses at a previously designated time and place. Contracts will be awarded, on a resolution duly adopted by the Board, to the lowest responsible bidder who submits the lowest responsible bid, except that the Board may choose to reject all bids, to readvertise, or to purchase under a State contract. The Board may disqualify a bidder who would otherwise be determined to be the lowest responsible bidder in accordance with N.J.S.A. 18A:18A-4. Whenever two or more bids are the lowest bids submitted by responsible bidders, the Board shall determine to which bidder the contract will be awarded.

The bid of a vendor who claims, before bids are opened, a mistake or omission in its preparation will be returned unopened, and the vendor shall lose the right to bid. A bidder who discovers a mistake or omission after bids have been opened may withdraw the erroneous bid provided he or she gives immediate written notice of the mistake or omission and certification, supported by clear evidence, that he or she exercised reasonable care in the examination of the specifications and preparation of the bid. Any bidder who withdraws an opened bid shall forfeit any bid security deposited with the bid in accordance with law.

In accordance with the provisions of N.J.A.C. 6A:23A-5.4, pursuant to the authority granted the Commissioner of Education under N.J.S.A. 18A:55-2 and N.J.S.A. 18A:7F-60, the Commissioner shall subject to review for the withholding of State funds any school district that fails to obey the provisions of

Multiple Year Contracts

6340 MULTIPLE YEAR CONTRACTS

The Board of Education may enter a multiple year contract for goods and services permitted by law whenever the extended contract will serve the needs of the district and yield greater return for the expenditure.

The School Business Administrator/Board Secretary is directed to investigate the advantage to the district of multiple year contracts. Investigation should include, but need not be limited to, a comparison of the costs of multiple year and single year contracts, an analysis of trends in the costs and availability of the goods or services to be provided, the projected needs of the district, and an inquiry into the reliability and stability of the vendor.

Except for those contracts exempted from the requirement by law, all multiple year contracts will contain a cancellation clause or a clause conditioning annual extension of the contract on the appropriation of sufficient funds to meet the Board's obligation.

All multiple year contracts must be approved by the Board. When the estimated annual cost of a multiple year contract exceeds the bid threshold established by law and the subject of the contract is not exempt from bidding, the contract shall be advertised in accordance with law and the bidding procedures of this district.

Competitive Contracting

6350 COMPETITIVE CONTRACTING

Competitive contracting may be used in lieu of public bidding for specialized goods or services that exceed the bid threshold provided the process is administered by a purchasing agent, by legal counsel of the Board of Education, or by the School Business Administrator and pursuant to N.J.S.A. 18A:18A-4.1. et seq. Competitive contracting may only be used for the purposes provided in N.J.S.A. 18A:18A-4.1. Unless an exception is provided for under N.J.S.A. 18A:18A-42 permitting a longer contract duration, contracts awarded under competitive contracting may be for a term not to exceed five years.

The purchasing agent will prepare a request for proposal documentation, which will include all requirements deemed appropriate and necessary to allow for full and free competition between vendors, information necessary for potential vendors to submit a proposal, and a methodology by which the Board will evaluate and rank proposals received from vendors. The methodology for the awarding of competitive contracts will be based on an evaluation and ranking and will be developed in a way that is intended to meet the specific needs of the district and where such criteria will not unfairly or illegally discriminate against or exclude otherwise capable vendors. The methodology for awarding competitive contracts will comply with such rules and regulations as the Director of the Division of Local Government Services in the Department of Community Affairs may adopt in accordance with N.J.S.A. 18A-4.4.

Request for proposal documentation will be published in an official newspaper of the Board at least twenty days prior to the date established for the submission of proposals. The Board may charge a fee for the proposal documentation that will not exceed \$50.00 or the cost of reproducing the documentation, whichever is greater.

Each interested vendor will be required to submit a proposal which will include all the information required by the request for proposals. Failure to meet the requirements of the request for proposals may result in the Board disqualifying the vendor from further consideration. Under no circumstances will the provisions of a proposal be subject to negotiation by the Board.

Competitive Contracting

If the Board, at the time of solicitation, utilizes its own employees to provide the goods or perform the services, or both considered for competitive contracting, the Board will, at any time prior to, but no later than the time of solicitation for competitive contracting proposals, notify affected employees of the Board's intention to solicit competitive contracting proposals pursuant to N.J.S.A. 18A:18A-4.5.c. Employees or their representatives will be permitted to submit recommendations and proposals affecting wages, hours, and terms and conditions of employment in such a manner as to meet the goals of the competitive contract. If employees are represented by an organization that has negotiated a contract with the Board, only the bargaining unit will be authorized to submit such recommendations or proposals. When requested by such employees, the Board will provide such information regarding budgets and the costs of performing the services by such employees as may be available. Nothing will prevent such employees from making recommendations that may include modifications to existing labor agreements in order to reduce such costs in lieu of award of a competitive contract, and agreements implementing such recommendations may be considered as cause for rejecting all other proposals.

The purchasing agent will evaluate all proposals only in accordance with the methodology described in the request for proposals. After proposals have been evaluated, the purchasing agent will prepare a report evaluating and recommending the award of a contract or contracts. The report will be prepared pursuant to N.J.S.A. 18A:18A-4.5.d. The report will be made available to the public at least 48 hours prior to the awarding of the contract, or when made available to the Board, whichever is sooner. The Board will have the right to reject all proposals for any of the reasons set forth in N.J.S.A. 18A:18A-22.

Award of a contract will be made by resolution of the Board within sixty days of the receipt of the proposals, except that the proposals of any vendors who consent thereto, may, at the request of the Board, be held for consideration for such longer period as may be agreed.

The report prepared pursuant to this Policy and Regulation No. 6350 will become part of the public record and will reflect the final action of the Board. Contracts will be executed pursuant to N.J.S.A. 18A:18A-40.

The Secretary of the Board will publish a notice in the official newspaper of the Board summarizing the award of a contract pursuant to N.J.S.A. 18A:18A-4.5g.

6360 POLITICAL CONTRIBUTIONS

Political Contribution Disclosure Requirements

In accordance with the requirements of Section 2 of P.L. 2005, Chapter 271 (N.J.S.A. 19:44A-20.26), the Board of Education shall have on file, to be maintained with other documents related to a contract, the following documents to award a contract to any business entity receiving a contract with an anticipated value in excess of \$17,500, regardless of the basis upon which the contract is awarded:

1. A Political Contribution Disclosure (PCD) form submitted by the business entity (at least ten days prior to award); and
2. A Business Registration Certificate (any time prior to award).

“Business entity” means a for-profit entity that is a natural or legal person, business corporation, professional services corporation, limited liability company, partnership, limited partnership, business trust, association or any other legal commercial entity organized under the laws of New Jersey or any other State or foreign jurisdiction.

The \$17,500 contract amount is not related to the Board’s bid threshold and does not exempt the district from the requirements of the Public School Contracts Law or other applicable purchasing statutes.

The \$17,500 contract amount threshold is subject to the principle of aggregation rules in accordance with the Division of Local Government Services guidance. Unlike the Public School Contracts Law, aggregation thresholds for this Policy and Chapter 271 purposes shall be calculated at the vendor level – meaning, when a vendor receives more than \$17,500 in a school district’s fiscal year, a PCD form shall be required.

The disclosure provisions of N.J.S.A. 19:44A-20.26 do not apply in cases where there is a “public emergency” that requires the immediate delivery of goods or services.

Insurance companies and banks are prohibited under State law from making political contributions. However, because the PCD form reflects contributions made by partners, Boards of Directors, spouses, etc., PCD forms are required ten days prior to the approval of a depository designation resolution or insurance company contract awarded by the Board. A PCD form is also required when a contract in excess of \$17,500 is made to an insurance broker. A PCD form is required from the company receiving the contract, regardless of the entity issuing an insurance policy.

PCD forms are required for Board of Education contracts in excess of \$17,500 with a New Jersey Department of Education “Approved In-State Private School for the Disabled.” Chapter 271 also applies to in-State private special education schools, educational services under any Federally funded program, early childhood school providers – DHS approved, and other similar programs.

If the school district spends more than \$17,500 in a school year with a newspaper, the selection of the newspaper is subject to the provisions of Chapter 271.

PCD forms are not required for regulated public utility services, as the Board is required by the Board of Public Utilities to use a specific utility. This exception does not apply to non-regulated public utility services, such as generated energy (not tariffed), or long-distance telephone services where other procurement practices are used.

PCD forms are not required for membership to the New Jersey School Boards Association.

A non-profit organization having proper documentation from the Internal Revenue Service (IRS) showing it is registered with the IRS as a 501(c) type corporation is not required to file a PCD form.

A PCD form is not required for contracts with governmental agencies, including State colleges and universities.

If the original contract provided for the possibility of an extension(s), Chapter 271 compliance is not required if the extension/continuation is based on that original contract.

As a condition of receiving State aid, the school district shall comply with the provisions of N.J.A.C. 6A:23A-6.3 to ensure the school district maintains honest and ethical relations with vendors and shall guard against favoritism, improvidence, extravagance, and corruption in its contracting processes and practices.

For the purposes of this Policy, “business” means any corporation, partnership, firm, enterprise, franchise, trust, association, sole proprietorship, union, political organization, or other legal entity but shall not include a local public school district or any other public entity. “Business entity” means any natural or legal person, business corporation, professional services corporation, limited liability company, partnership, limited partnership, business trust, association or any other legal commercial entity organized under the laws of this State or of any other State or foreign jurisdiction. “Interest” means the ownership or control of more than ten percent of the profits or assets of a business entity or ten percent of the stock in the case of a business entity that is a corporation for profit, as appropriate.

In accordance with the provisions of N.J.A.C. 6A:23A-6.3:

1. No Board of Education will vote upon or award any contract in the amount of \$17,500 or greater to any business entity which has made a contribution reportable by the recipient under P.L. 1973, c. 83 (N.J.S.A. 19:44A-1 et seq.) to a member of the Board of Education during the preceding one-year period.
2. Contributions reportable by the recipient under P.L. 1973, c. 83 (N.J.S.A. 19:44A-1 et seq.) to any member of the Board of Education from any business entity doing business with the school district are prohibited during the term of a contract.
3. When a business entity referred to in 2. above is a natural person, a contribution by that person’s spouse or child that resides therewith shall be deemed to be a contribution by the business entity. Where a business entity is other than a natural person, a contribution by any person or other business entity having an interest therein shall be deemed to be a contribution by the business entity.

A Business Entity Disclosure Certification (BED-C) shall be submitted by the business entity for all contracts of \$17,500 or greater in order to facilitate disclosure of contributions to Board members by a business entity. The BED-C shall be reviewed prior to the award of any contract in excess of \$17,500 to ensure the Board of Education's compliance with N.J.A.C. 6A:23A-6.3(a).

The requirements of N.J.A.C. 6A:23A-6.3 shall not apply to a contract when a district emergency requires the immediate delivery of goods or services. Purchases Budgeted

6421 PURCHASES BUDGETED

The Board of Education directs the establishment of procedures for the purchase of budgeted goods and services that will make prudent use of district resources and yield the maximum value for the school district. The School Business Administrator/Board Secretary shall authorize all purchases that are within a budget line item and are consistent with the purpose for which the funds were appropriated.

No purchase order may be placed until the Business office has determined whether the proposed purchase is subject to bid, whether sufficient funds exist in the line item, and whether the goods are available elsewhere in the district.

Whenever the estimated value of a purchase or contract for goods or services other than professional services N.J.S.A. 18A:18A-5(1) and work by employees of the Board N.J.S.A. 18A:18A-5(3) is fifteen percent or more of the bid threshold established in accordance with N.J.S.A. 18A:18A-3 and N.J.S.A. 18A:18A-37 and is not made under a state contract, the purchasing agent shall, whenever practicable, solicit at least two quotations from independent vendors. All quotations received will be attached to and retained with a copy of the voucher used to pay the vendor.

The purchase or contract may be awarded on the basis of the lowest responsible quotation received or to the vendor who submits the quotation most advantageous to the Board on the basis of price and other factors. If it is determined that it is impractical to seek quotations for an extraordinary, unspecifiable service or that the purchase or contract for which quotations were sought should not be awarded on the basis of the lowest quotation received, the reasons for that determination will be set forth in writing and attached to the resulting purchase order or contract.

Supplies commonly used in the various schools will be standardized to the extent that it is educationally feasible to do so. Alternate suggestions will be made to a requisitioner if better service, delivery, economy, or utility can be achieved by a change in the proposed order.

When a purchase order is placed or a contract entered, the Business office staff shall commit the expenditure against a specific budget line item or project category in order to guard against the creation of liabilities in excess of appropriations.

Except as otherwise provided pursuant to N.J.S.A. 18A:22-8.1 and N.J.A.C. 6A:23A-13.1 et seq., whenever the school district desires to transfer amounts among line items and program categories, the transfers shall be by resolution of the Board approved by a two-thirds affirmative vote of the authorized membership of the Board. Each resolution shall indicate the exact amount of the transfers and from the applicable accounts or fund balance.

However, this Board of Education in accordance with the provisions of N.J.S.A. 18A:22-8.1 and this Policy as adopted by the Board, designates the Superintendent of Schools to approve such transfers as are necessary between meetings of the Board. Transfers approved by the Superintendent shall be reported to the Board, ratified and duly recorded in the minutes at a subsequent meeting of the Board, but not less than monthly.

Transfers from line accounts that include waiver amounts approved by the Commissioner and expenditures and/or reallocations directed by the Commissioner are prohibited unless approved in writing by the Executive County Superintendent and in accordance with the provisions of N.J.S.A. 18A:22-8.1. The Board shall submit written requests for transfers including the amount to be transferred, the account(s) to be reduced, the account(s) to be increased, the purpose, and justification. These transfers shall not be requested or made prior to December 1 of the applicable budget year and shall only be approved for an emergent circumstance(s).

Where actual audited undesignated general fund balance at the fiscal year-end exceeds the estimated amount reflected in the school district's originally approved budget that contained an adjustment to the tax levy limitation approved by the Commissioner, any excess amount shall be reserved for the offset of the Commissioner's waiver requests, if any, in the second subsequent year's budget and reflected as such in the CAFR for the budget year.

Whenever the Executive County Superintendent shall, pursuant to N.J.S.A. 18A:7 -8, disapprove a portion of the school district's proposed budget because the district has not implemented all potential efficiencies in its administrative operations or because the budget includes excessive non-instructional expenses, the school district shall not transfer funds back into those accounts during the budget year.

Transfers from any general fund appropriation account that, on a cumulative basis, exceed 10% of the amount of the account included in the school district's budget as certified for taxes shall require the approval of the Commissioner of Education. In a school district wherein the Commissioner of Education has directed an in-depth evaluation pursuant to N.J.S.A. 18A:7A-14, the Board shall obtain the written approval of the Executive County Superintendent of Schools prior to implementing any Board authorized transfer of funds.

Expenditures for Non-Employee Activities, Meals, and Refreshments

6423 EXPENDITURES FOR NON-EMPLOYEE ACTIVITIES, MEALS, AND REFRESHMENTS

There may be school district activities where expenditures for non-employee activities, meals, and refreshments may occur. Expenditures for non-employee activities, meals, and refreshments for school district activities are allowed provided the expenses are in accordance with the provisions of N.J.A.C. 6A:23A-5.8. For the purposes of this Policy, unless the context clearly indicates otherwise, “activities” means events or functions provided or held for the benefit of pupils, dignitaries, and other “non-district” employees (e.g. parents) which are paid from public funds. “Dignitary” means a notable or prominent public figure; a high level official; or one who holds a position of honor. A dignitary, for purposes of this Policy, is not a school district employee or Board of Education member.

Allowable expenditures for non-employee school district activities shall include:

1. All reasonable costs, including light meals and refreshments, directly related to activities that benefit pupils and are part of the instructional program including expenditures for field trips and extracurricular programs that are not solely for entertainment. Nothing in this Policy or N.J.A.C. 6A:23A-5.8 shall preclude the district from using student activity funds or accepting donations to support pupil activities that are solely for pupil entertainment;

3. All reasonable costs of commencement and convocation activities for pupils; and
4. Expenditures related to district employees to the extent such employees are essential to the conduct of the activity.

The Board shall, at a minimum, take actions regarding pupil activities as follows:

Pursuant to N.J.S.A. 18A:11-12 and State of New Jersey Department of Treasury, Office of Management and Budget Circular 08-19-OMB and 06-14-OMB, the following costs shall not be permitted using public funding:

Receptions, dinners, or other social functions held for or honoring any employee or group of employees of the district (e.g. breakfast, luncheon, dinner, or reception for retirees or award recipients). This does not prohibit the district from honoring employees without a social function or using public funds to support reasonable costs of employee recognition awards (e.g. teacher of the year awards, years of service awards). Use of public funds for reasonable costs of employee awards is a local discretionary expenditure;
2. Meals or refreshments served to guests at any athletic event or other games or contests; and/or
3. Expenses for alcoholic beverages.

The School Business Administrator/Board Secretary and/or designee shall maintain documentation to support activities, meals, and refreshments at district events. The documentation shall include a description of the activity, the purpose/justification of the activity, expressed in terms of the goal(s) or objective(s) of the district, the make-up of the group participating in the activity, and the names and titles of Board members or employees included in the group.

Emergency Contracts

6424 EMERGENCY CONTRACTS

Any contract may be negotiated or awarded for a Board of Education without public advertising for bids and bidding notwithstanding that the contract price will exceed the bid threshold when an emergency affecting the health or safety of occupants of school property requires the immediate delivery of goods or the performance of services.

An actual or imminent emergency must exist requiring the immediate delivery of the goods or the performance of the service. Emergency contracts may not be used unless the need for the goods or services could not have been reasonably foreseen or the need for such goods or services has arisen notwithstanding a good faith effort on the school district to plan for the purchase of any goods or services required by the school district. Under no circumstance shall emergency purchasing procedures be used to enter into a multi-year contract.

If the School Business Administrator/Board Secretary is satisfied that an emergency exists, he/she shall be authorized to award a contract or contracts for such purposes as may be necessary to respond to the emergent needs pursuant to the provisions of N.J.S.A. 18A:18A-7 et seq.

If conditions permit, the School Business Administrator/Board Secretary shall seek quotations from more than one source. If the expenditures are expected to be in excess of the bid threshold, the School Business Administrator/Board Secretary shall attempt to obtain no fewer than three quotations.

As soon as possible, but within three days of declaring the emergency, the Superintendent of Schools shall notify the Executive County Superintendent of the nature of the emergency and the estimated need for goods or services necessary to respond to it.

When emergency conditions have eased, the School Business Administrator/Board Secretary shall utilize the regular purchasing system to obtain estimates from suppliers, vendors, and contractors for materials and/or services that will eliminate the circumstances that created the emergency.

The School Business Administrator/Board Secretary shall prepare and submit a final report to the Board on every occasion an emergency contract is negotiated or awarded in accordance with the provisions of N.J.S.A. 18A:18A-7.

Cooperative Purchasing

6440 COOPERATIVE PURCHASING

The Board of Education recognizes that centralized, cooperative purchasing tends to maximize the value received for each dollar spent. The Administration is encouraged to seek savings that may accrue to this district by means of joint agreements for the purchase of goods or services with the governing body of the municipality or the county within whose boundaries the school district is wholly or partly located, or by means of contracts entered into by the New Jersey State Treasury Department, Division of Purchase and Property.

A cooperative pricing system is a purchasing system in which the lead agency advertises for bids, awards a master contract to the vendor providing for its own needs and for the prices to be extended to registered members, and notifies them of the bid prices awarded. The registered members then contract directly with the vendor for their own needs, subject to the specifications in the master contract.

A joint purchasing system is a cooperative purchasing system in which the lead agency has complete purchasing responsibility for the registered members, and the only contractual relationship is between the lead agency and the vendor.

A cooperative purchasing system is either a joint purchasing or cooperative pricing system.

When the lead agency is a Board of Education or Educational Service Commission and the entire membership of the cooperative purchasing system established and properly registered with the New Jersey Division of Local Government Services are Boards of Education, the purchase of work, materials or supplies shall be conducted pursuant to the Public Schools Contract Law. (N.J.S.A. 18A:18A-11 et seq.)

The School Business Administrator/Board Secretary is hereby authorized to negotiate such joint agreements for goods and services which the Board may determine to be required and which the Board may otherwise lawfully purchase for itself with such approved contracting units as may be appropriate in accordance with State law, the policies of this Board, and the dictates of sound purchasing procedures.

Choice of Vendor

6450 CHOICE OF VENDOR

The Board of Education recognizes its position as a major purchaser of goods and services in the community served by the school district. It is the intention of the Board to purchase goods and services of the requisite quality at the lowest possible cost and to invite widespread competition in order to achieve this end. Where all other considerations are equal, however, the Board will exercise a preference for dealing with established local merchants and service providers from within the boundaries of the school district.

The School Business Administrator/Board Secretary is authorized to place purchase orders with local merchants and providers when their prices and terms are competitive with other vendors. Nothing in this policy shall be deemed to circumvent the requirements of law regarding public purchasing.

All vendors shall supply assurances that they do not practice discrimination as described in the administrative code. All vendors shall be informed that harassment of any kind, of district pupils or employees by their representatives is prohibited.

In the schools, vendors shall be seen by appointment only. Vendors who call upon a school shall be governed by policy 1250. Teachers or supervisors of instruction who have invited vendors to call should notify the Principal's office in advance so that proper courtesies may be extended. No agents, canvassers, or vendors shall have access to teachers during their classes. No business concern which solicits or gains business through the school system shall use school facilities for this purpose.

Payment of Claims

6470 PAYMENT OF CLAIMS

The Board of Education directs the prompt payment of legitimate claims by suppliers of goods and services to the school district, provided that each bill or obligation of this Board is fully itemized and verified before a warrant is drawn for its payment.

When an invoice is received, the School Business Administrator/Board Secretary or designee shall verify the voucher is properly submitted, acceptable goods were received or satisfactory services rendered, the expenditure is included in the Board's budget and funds are available for its payment, and the amount of the invoice is correct.

The School Business Administrator/Board Secretary shall identify and investigate, if necessary, the reason for any increase to a purchase order. If it is found by the School Business Administrator/Board Secretary that an increase to a purchase order is warranted, the School Business Administrator/Board Secretary shall either approve a revision to the original purchase order with the reason noted, approve the issuance of a supplemental purchase order for the difference, or cancel the original purchase order and issue a new purchase order. If it is found an increase is not warranted, the purchase order shall be cancelled and the goods returned. In no instance shall an adjustment be made to a purchase order that changes the purpose or vendor of the original purchase order or a bid award price.

The school district's financial systems shall be programmed to:

1. Limit system access so that only appropriate Business office staff may make purchase order adjustments;
2. Reject adjustments in excess of any established approval thresholds;
3. Prevent unauthorized changes to be processed;
4. Reject payments where the sum of the invoice amount plus any previous invoices charged to the purchase order exceeds the sum of the original purchase order amount plus any authorized adjustments;
5. Reject duplicate purchase order numbers;

Payment of Claims

The School Business Administrator/Board Secretary shall review on a monthly basis edit/change reports listing all payments made in excess of the originally approved purchase order amount to ensure that all payments made are properly authorized.

If funds are not available in the budget line account to which the expenditure will be charged, funds may be transferred in accordance with Policy 6422.

The Board must approve all claims for payment, except such payments that are to be paid from funds derived from athletic events or other activities of student organizations. However, in accordance with N.J.S.A. 18A:19-4 and N.J.S.A. 18A:19-4.1, the Board may by Board resolution designate a person in addition to the Board Secretary to audit any account and demand to be paid, and provide for approval of such account or demand by such designated person or the Board Secretary prior to presentation to the Board. Any such approval of payment must be presented to the Board for ratification at the next regular Board meeting. The Board may, in the resolution, establish a maximum dollar amount for which payment may be authorized without prior Board approval.

All claims shall be fully itemized, verified, and shall be submitted for Board review and approval or ratification. Claims must be submitted to the Board in the form of a list that includes the number, amount, and date of the warrant; the payee; the reason for the expenditure; and the account charged. All claims that equal or exceed fifteen percent of the bid threshold amount established pursuant to N.J.S.A. 18A:18A-3, except for payrolls and debt service, shall be verified by affidavit or by signed declaration in writing in accordance with the provisions of N.J.S.A. 18A:19-3.

The list of claims must be accompanied by the original records that include copies of the purchase order, the receiving report, the vendor's invoice, and the purchase requisition. The list of approved warrants will be included in the minutes of the Board meeting.

When a claim for payment is duly approved in accordance with this Policy, the School Business Administrator/Board Secretary and/or a designated staff member shall promptly prepare a warrant for payment, cancel the commitment placed against the appropriate account, and post the actual expenditure. 6740 RESERVE ACCOUNTS

The Board of Education or Board of School Estimate, as appropriate, may at any time establish by Board resolution a capital reserve account, pursuant to N.J.S.A. 18A:21-2 and 3, and 18A:7G-31.

Funds in the capital reserve account shall not be used for current expenses, pursuant to N.J.S.A. 18A:22-8.2, and shall only be used for purposes as outlined in N.J.A.C. 6A:23A-14.1(b). The Board of Education may increase the balance in the capital reserve account by appropriating funds in the annual general fund budget certified for taxes to meet the needs of the Long-Range Facilities Plan (LRFP) that are not met by State support. The balance in the account may also be increased by requesting approval from the Executive County Superintendent, as the Commissioner's designee, to appropriate any excess unreserved general fund balance as calculated in the supporting documentation of the proposed budget into capital reserve in the proposed budget pursuant to N.J.S.A. 18A:7F-7b only when the Board of Education has formally established a capital reserve account and obtained an approved LRFP in accordance with N.J.A.C. 6A:26-2. The Board of Education, at its option, may satisfy the withdrawal approval requirements set forth in N.J.A.C. 6A:23A-14.1(h) in accordance with the procedures as outlined in N.J.A.C. 6A:23A-14.1(d).

The Board of Education may request express approval of the voters for appropriation of additional amounts into the capital reserve in accordance with the procedures as outlined in N.J.A.C. 6A:23A-14.1(e). The Board of Education shall not deposit into a capital reserve account audited excess undesignated, unreserved general fund balance. The Board of Education shall reserve and designate such funds in the subsequent year's budget pursuant to N.J.A.C. 6A:23A-8.5(b). The Board of Education shall maintain an amount of funds in the capital reserve account that does not exceed the amount needed to implement capital projects in a school district's LRFP that are not met by State support.

The Board of Education may withdraw funds from the capital reserve account at any time in accordance with the provisions of N.J.A.C. 6A:23A-14.1(h). However, the Board of Education or Board of School Estimate, as appropriate, may at any time, apply to the Commissioner for approval to withdraw funds from its capital reserve account for uses authorized in N.J.A.C. 6A:23A-14.1(b). The Board of Education or Board of School Estimate, as appropriate, may make a withdrawal pursuant to N.J.A.C. 6A:23A-14.1(i) only upon receipt of written approval of the Commissioner and the Board of Education shall establish to the satisfaction of the Commissioner that an emergent condition exists necessitating an immediate withdrawal of capital reserve account funds.

Reserve Accounts

The Board of Education shall administer and account for the capital reserve account in accordance with the requirements of N.J.A.C. 6A:23A-14.1(j). Funds in capital reserve accounts in existence prior to July 18, 2000 are subject to the Educational Facilities Construction and Financing Act (EFCFA), P.L. 2000, c. 72, and N.J.A.C. 6A:23A-14, and the Board of Education shall only use such funds for the original purpose for which the funds were deposited and as outlined in N.J.A.C. 6A:23A-14.1(k)1. and (k)2.

The Board of Education shall establish, by resolution, a maintenance reserve account in accordance with the provisions of N.J.A.C. 6A:23A-14.2 to be used to implement required maintenance of the school district's facilities. The Board of Education is prohibited from using such funds for routine or capital maintenance and the account shall be established and maintained in accordance with Generally Accepted Accounting Principles (GAAP) and shall be subject to annual audit pursuant to N.J.S.A. 18A:23-1 et seq. The balance in the maintenance reserve account may be increased by appropriating funds in the annual general fund budget certified for taxes. Funds may be withdrawn from the maintenance reserve account and appropriated into the required maintenance account lines at budget time or any time during the year for use on required maintenance activities for a school facility as reported in the comprehensive maintenance plan pursuant to N.J.A.C. 6A:26A-4 in accordance with the provisions of N.J.A.C. 6A:23A-14.2(d). In any year that maintenance reserve account funds are withdrawn, the Board of Education shall restore any unexpended required maintenance appropriations, up to the amount of maintenance reserve account funds withdrawn, to the maintenance reserve account at year-end.

The Board of Education shall, by resolution, transfer to the general fund on an annual basis any interest earned on the investments in the maintenance reserve account. Such interest may be transferred on a more frequent basis at the discretion of the Board of Education. The Board of Education shall ensure the maintenance reserve account balance does not, at any time, exceed four percent of the replacement cost of the school district's school facilities for the current year. If the account exceeds this maximum amount at June 30, the Board of Education shall reserve and designate such excess in the subsequent year's budget.

The Board of Education or Board of School Estimate, as appropriate, may supplement a capital reserve account in accordance with requirements as outlined in N.J.A.C. 6A:23A-14.3. The Board of Education or a Board of School Estimate, as appropriate, may through the adoption of a Board resolution, establish a current expense emergency reserve account, a debt service reserve account, and a tuition adjustment reserve account in accordance with requirements as outlined in N.J.A.C. 6A:23A-14.4.

P 6831 WITHHOLDING OR RECOVERING STATE AID

In the event the New Jersey Department of Education identifies ineffective or inefficient expenditure(s) by any school district, including, but not limited to the practices prohibited in N.J.A.C. 6A:23A-5.2 through 5.9, the Commissioner shall, except as otherwise provided in N.J.A.C. 6A:23A-5.1(h) provide the school district the opportunity to be heard as to why the amount of the ineffective or inefficient expenditure(s) shall not be withheld from State aid or refunded to the Department of Education.

The filing shall include a statement of factual findings along with a letter memorandum setting forth the basis for the position that the expenditure(s) was ineffective or inefficient. The respondent(s) to whom the order is directed shall file, within fifteen days, a response to the letter memorandum and an answer that meets the filing, service, and format requirements for answers as set forth in N.J.A.C. 6A:3, Controversies and Disputes. The petitioner may file a reply to the response within ten days.

Upon review of the filings, the Commissioner may decide to hear the matter directly pursuant to N.J.S.A. 52:14F-8 or refer the matter to the Office of Administrative Law. Nothing shall preclude the Commissioner from immediately and summarily withholding State aid, consistent with N.J.S.A. 18A:55-2, if, at any time, it is determined that the fiscal practices, actions, or expenditures of a school official, Board member, Board, or any other party under the Commissioner's jurisdiction are in violation of any statute, regulation, rule, or directive of the State Board of Education or Commissioner of Education.
